## **ASSUMPTIONS**

1. Receipts from States are based on a levy of \$3.50 for 2011, \$4.00 for 2012 and \$4.50 for 2013.
2. We will provide 1 junior scholarship in 2011 and 2 or 3 thence, split between AC and GC.
3. We will continue to subsidise players obtaining places in World Championships at about the same level, 70% of airfares if in NZ, 50% if in Australia and \$1000 per player if in the Northern hemisphere or South Africa, together with entry fees and shirts. It is intended, however, to increase the 70% eventually to 100%. See Appendix to Selection Policy.\*
4. We have 10 players in the World GCC in Jul 2011, 15 in the 4th WWWGCC in Nov 2011 in NZ and 14 in the 2012 World AC Champs in Australia and entry fees are not changed.
5. The MacRob teams will consist of six players and two officials.
6. Trans-Tasman teams will consist of eight players and two officials.
7. **Hosting.** Costs of hosting international events come from the Hosting Fund. Costs of Australian players participation come from this fund, the International Events Fund, formerly known as the Tours Travel Fund. Rough estimates of the cost of hosting events are: World Championships \$40,000, MacRobs \$30,000 and Trans-Tasmans \$6,000. If the Hosting Events levy remains at \$3 we would receive a total of about \$70,000 over 2010, 11 and 12 and will need \$6,000 for the 2011 Trans-Tasman and \$36,000 for the 2012 World AC Champs. The Hosting Fund can therefore be cut to \$2.50 in 2013 to compensate for the increase in the IEF. This would mean the receipts over three years would reduce to \$65,000.
8. The 10th WCF World GCC will not be held until late in 2014.
9. If the WCF introduce a Womens' World AC Championships and it is held in Australia the cost would be covered by remaining Hosting Events funds, sponsorships, sales and catering.  
\*Or should this just be for MacRob teams to the Northern hemisphere? (An incentive for players to find lower fares is needed.)
